Level 2: Level 1 + Stainless Steel Handles

Level 3: Level 2 + Security Sashlock

Level 4: STS202 BR1 Tested - Further upgraded furniture & hardware*

*STS202 BR1 security test report is only valid for outward opening doors, ordered without any side panels, over panels and louvre panels

Features

- **Heavy duty white textured polyester powder coated finish from stock**
We also offer a powder coating service to change the colour of your door and frame
- **Fully welded construction for optimum strength**
Door Frame: 2.0mm galvanised steel
Door Leaf: Double skinned 1.0mm galvanised steel, 50mm depth
Embossed with a Georgian 6 panel design
Door Leaf Core: Fireboard core, used for its high thermal, acoustic & impact values
- **3 Stainless steel heavy duty lift-off hinges BS EN 1935:2002**
4 dog bolts (fixed locking points) on hinge side of door leaf
- **14 point locking shoot bolt mechanism**
3 shoot bolts into the top of the frame, 8 shoot bolts into the latching side of the frame, 3 shoot bolts through the bottom threshold into the structure below.
Including the 4 dog bolts and latch, 19 points secure the door leaf in the frame.
A security upgraded sashlock is also available (level 3 & 4)
- **Chrome plated steel handles included as standard (#5586) with integral privacy lock**
Heavy duty stainless steel handles upgrade (level 2 & 3)
available to increase security (#6198)
- **Weather and draught proof seals included as standard**
Our doors are fully weather proof and can be used externally
- **DDA compliant threshold**
Disability Discrimination Act specifies a level threshold with a maximum upstand of 15mm with chamfered edges
- **Anti jemmy bar lip all around the door leaf, including the hinge side**
- **Internal shielding to protect shoot bolts from falling debris inside of the frame**
- **Euro profile cylinder with unique ABC key system**
Heavy duty kite marked cylinder upgrade is available and highly recommended (level 1). The upgraded cylinder has anti-pick, anti-bump, anti-drill and anti-pull features.

Included in level 1, 2 & 3 security upgrades. Thumb turn and keyed alike configurations are also available

Included

Door Viewer

A simple, quick and easy job to install to any of our doorsets, and only takes a matter of minutes.

Viewers are available in chrome and satin chrome finishes.

Door Knocker

A classical shaped urn door knocker that is timeless in appearance. Suitable for modern and traditional front doors.

Available in chrome and satin chrome finishes.

Letterplate

The all in one letterbox solution for your front door. A telescoping sleeve accommodates a variety of door types.

Available in chrome and satin chrome finishes.

Optional Extras

Door Knocker With Viewer

A classical shaped urn door knocker with a built in door viewer.

Available in chrome and satin chrome finishes.

Extra Keys

All our doors are supplied with 3 keys as standard.

Available for all of our door types, and security upgraded locks.

Stormguard Rain Deflector

A necessity for inward opening external doors.

Our rain drip eliminates the risk of water ingress.
