# STEEL SECURITY DOORS

## Garage Side Door (High Security)

Our most secure steel door yet, weighing up to 100kg! Known as the High Security Garage Side Door, it boasts a more robust stainless steel multi point locking system and a 40% thicker door compared to our Security Door range.

It also features an innovative 'barb style' jemmy bar lip which crucially helped this security door achieve successful STS202 BR2 testing (LVL3 upgrade only)

### Sizes (mm)

**External Frame:** 795, 845, 895, 995 x 2020

---

### Infill Panels:

Side Panels: 30, 50, 80

# Features

- **Heavy duty white textured polyester powder coated finish from stock**

We also offer a powder coating service to enable you to change the colour of your door and frame

- **Fully welded construction for optimum strength**

Door Frame: 2.0 mm galvanised steel

Door Leaf: Double skinned 1.0 mm galvanised steel

Door Leaf Core: Fibre Board Core, used for its high thermal, acoustic and impact properties.

- **5 Stainless steel heavy duty lift-off hinges**

6 Dog bolts (fixed locking points) on hinge side of door leaf

- **Multi point locking shoot bolt mechanism**

High security stainless steel multi point locking system with 3 shoot bolts into the top of the frame and 8 shoot bolts into the latching side of frame. Including the 6 dog bolts and latch, 17 points secure the door leaf in the frame.

- **Heavy duty stainless steel handles included as standard (#6198) with integral privacy lock**

Higher security handle upgrade (level 2 & 3) available to increase security (#6101) and STS202 BR2 3\* kitemark cylinder upgrade.

- **Weather and draught proof seals installed as standard**

Our doors are fully weather proof and can be used externally

- **DDA (Disability Discrimination Act) compliant threshold**

- **Anti jemmy bar lip all around the door leaf, including the hinge side incorporating a 'barb-like' design to the latching side which hooks into place when closed**

- **Internal frame welded case work to protect shoot bolts from falling debris**

- **Euro profile cylinder with unique ABC key system**

Heavy duty kite marked cylinder upgrade is available, and highly recommended. The upgraded cylinder has anti-pick, anti-bump, anti-snap, anti-drill and anti-pull features.

Included in level 1, 2 & 3 security upgrades.

Thumb turn and & keyed alike options also available.

# Optional Extras

## Door Closer

Heavy duty door closer, manufactured to comfortably close a door weighing up to 115KGs.

Available finished in satin silver.

## Friction Stay

Suitable for steel outward opening doors.

Face mounted stay allows door opening to be limited to around 90 degrees.

## Extra Keys

All our doors are supplied with 3 keys as standard.

Available for all of our door types, and security upgraded locks.

Price stated is per key.

## Door Viewer

A simple, quick and easy job to install to any of our doorsets, and only takes a matter of minutes.

Viewers are available in chrome and satin chrome finishes.

## Door Knocker

A classical shaped urn door knocker that is timeless in appearance. Suitable for modern and traditional front doors.

Available in chrome and satin chrome finishes.

## Letterplate

The all in one letterbox solution for your front door. A telescoping sleeve accommodates a variety of door types.

Available in chrome and satin chrome finishes.
