

High Security Front Door

Our high security front doors offer an elegant and modern design with a variety of personalisation options allowing you to tailor your door to match your home.

They come with a range of colours to suit your style with the choice to match the frame colour to the door or have it white. The double glazed panels are made from toughened laminated glass and available in a range of designs to suit your taste.

All of our front door range have mineral wool insulation combined with weather & draught proof seals which will keep your home warm and dry all year round, whilst reducing outside noise.

Indistinguishable from other door types, our doors offer a higher level of protection, and have been designed to offer both style & security.

**MS01 style also available
PAS 24:2016 certified**

Our front doors come in range of sizes. If you require a larger size you can add a frame extension to either the side and over head of the door to ensure a flush fit. For a neat finish we offer a security trim which ensure the door is fitting securely.

For added peace of mind all of our security front door range include our trademark 19 point locking system as standard.

The doors have mineral wool insulation which will keep your home quiet, warm and dry all year around.

Colour Options

Supplied in white as standard, we offer a range of colour options to customise your door. You can choose to leave the frame white or colour it to match the door.

We also offer a custom option if you require a specific colour for your door.

Handle Options, Cylinder & Cill

Our front doors come with 2 handle options as standard. All of our handles are stainless steel and made to last.

All of our security front door range comes with a security UAP 1* kitemark thumb turn cylinder as standard. We also offer an optional upgrade to a UAP 3* security euro cylinder that has anti-pick, anti-bump, anti-snap, anti-drill and anti-pull features, offering additional protection for your home.

With our security front door range we offer various polished chrome or satin chrome door furniture to match your style and requirements.
